

Greater Rochester Directory of Christian Physicians

2008

Compiled by Dr. William and Susan Morehouse

MCCF

Dear Colleagues and Students,

This **Directory** is produced annually by MCCF for the use of Christian medical students and practicing health care providers in the Greater Rochester area. Its purpose is to help Christian health professionals network with others of similar faith commitment and calling, arrange preceptorship and mentoring experiences, and facilitate personal fellowship and professional referral.

We are all sensitive to the constant invasion of privacy in our world today. Thank you for honoring the trust your colleagues have extended in allowing us to publish their contact information.

God bless you!

Handwritten signature of Bill and Susan Morehouse.
